Boaters should watch out for the following equipment and vessels that will be involved in the project:

- Tugs, Dredge Barges and Dump Scows
- Survey and Crew Boats
- White mooring Buoys topped with flashing white lights

Recreational boaters should consider the following:

- Use VHF radio channels 80, 82, 13, 14 to alert dredge of recreational boaters' intentions.
- Be visible and attach lights for dredge/tugs/survey boats to see recreational boaters during nighttime hours.
- Keep 500ft distance from the tugs, scows, and dredge. Never go between the scow and dredge.
- The tugs and commercial vessels are limited to operating in the middle / deeper sections of the channel. Please be aware they may not always be able to stay to the right.
